Our Mission, Our Future

## THE LIMERICK

A limerick is a five-line poem with a strict form (AABBA), originally popularized in English by Edward Lear, which intends to be witty or humorous, as in the following:

**The limerick packs laughs anatomical  
In space that is quite economical,  
But the good ones I've seen  
So seldom are clean,  
And the clean ones so seldom are comical.**

The standard form of a limerick is a stanza of five lines, with the first, second and fifth having eight or nine syllables and rhyming with one another, and the third and fourth having five or six syllables and rhyming separately.

**But.....WHAT DOES THIS HAVE TO DO WITH KIWANIS ????????**

The temporary staff of the Klarion is proud to announce the sequel to last summer's DUH (Dress Up Herndon) campaign designed to raise money for our scholarship fund while simultaneously embarrassing Bob Herndon
